October 5
10:20 AM, Thurs.
Dr. Ipsita Banerjee
McGowan Institute for Regenerative Medicine/
University of Pittsburgh
Engineering pancreatic islet organoids from stem cells.

October 19
10:20 AM, Thurs.
Dr. Timothy Langrish
School of Chemical and Biomecular Engineering
University of Sydney
Drying of Particles
Tuning sites, porosity and solvent to steer selectivity in heterogeneously catalyzed aldol reactions

November 9
10:20 AM, Thurs.
Dr. Friederike Jentoft
University of Massachusetts, Amherst

November 30
10:20 AM, Thurs.
Dr. Ram B. Gupta
Virginia Commonwealth University
Clean Energy for a Growing Prospering World!

December 7
10:20 AM, Thurs.
Dr. Kristen Fichthorn
Penn State
Multi-scale Simulation and Molecular Dynamics
