Study Abroad Opportunities

Yee Chiew
Professor of Chemical Engineering
C-150B Engineering
ychiew@scartletmail.rutgers.edu
Would you like to ....

1. See the world and broaden your experience
2. Immerse yourself in another culture and improve your foreign language skills
3. Gain a new perspective on your own country and fight stereotypes by educating others
4. Make new friendships that will last a lifetime
5. Earn academic credit
6. Give your resume a boost!
7. Improve your professional and financial potential
International Opportunities

• Study Abroad - a semester or a year
  - Pay Rutgers tuition and study in a university overseas
  - Earn Rutgers credit
  - Exchange Program: Asia, Australia, Europe, …

• Summer Programs
  - Research in Germany, Austria
  - Sustainable Energy Course in Iceland

• For CBE - Spring semester of sophomore year
  Fall semester of junior year
  Spring semester of junior year
Myth #1

I have to speak another language to study abroad
Myth #2

I can’t afford to study abroad
Myth #3

My major won’t allow me to Study Abroad because of all the required classes
Study Abroad for Engineering Majors

University of Graz
Graz University of Technology
(English/German) Year/Semester
University College Dublin
University College Cork
(English) Year/ Semester
Study Abroad for Engineering Majors

Koç University
Bilkent University
(English) Year/Semester
Study Abroad for Engineering Majors

City, UCL, Sussex, Exeter, Manchester, Reading, York, Bristol, Cardiff, East Anglia, Glasgow, & St. Andrews
(English), Year / Semester/Summer
Study Abroad for Engineering Majors

Hong Kong University of Science & Technology
Business – Engineering – Science
(English) Year/ Semester
Ewha University
Pohang University of Science and Technology

**Summer**: Ewha University
(English, Korean) Year/Semester/Summer
Study Abroad for Engineering Majors

AUSTRALIA

Macquarie University
University of Melbourne
University of Queensland

Summer: Melbourne
(English) Year/Semester/Summer
Study Abroad for Engineering Majors

New Zealand

University of Auckland
(English) Year/Semester
Application Steps

1. How do I decide on a program?
   
   1. Make an advising appointment!
      - Study Abroad Office, 102 College Ave.
        studyabroad.rutgers.edu
      - Dean Fred Bernath, B-100, SoE

2. What courses to take while studying abroad
   - Research
   - Course equivalency table for 9 partner institutions

Study Abroad Curriculum Mapping

Department of Chemical and Biochemical Engineering
Rutgers University
